Re: Docket No. MB-02-235

Dear Mr. Chairman:

On behalf of the Greater Dallas Chamber, we would like to express our community's support for the proposed merger between Univision Communications Inc. and Hispanic Broadcasting Corporation (HBC).

Combining the resources of Univision and HBC will result in a significant strengthening and growth of media services available to the Hispanic community. Adding radio to Univision's television offerings will enhance and deepen the relationship the company has with our community.

Important in these trying economic times, this merger will promote growth of Hispanic radio and television job opportunities for Hispanics. It will also attract new capital investments, resulting in increased competition and greater management and ownership opportunities for Hispanics.

Univision has been a substantial contributor to the Dallas business community and to the overall quality of life for our region. With this in mind, we ask that the proposed Univision/HBC transaction receive all due consideration as promptly as possible.

Thank you for your attention to this important matter.

Sincerely,

Thomas C. Leppert
